

AIR 1 affects me and my community in such a positive way, with words of encouragement, prayers, and great uplifting music. There would be a great loss to the community if AIR 1 was replaced by and LPFM broadcaster. Air 1 is here for people in need of prayers and help. Air 1 is a station not only to listen music to, but to have friends and family that are here for support. AIR 1 needs to be kept on the air for the publics support and encouragement. Thank you for this opportunity.
